Inspection of Health Care Facility

The facility was clean, all cabinets and refrigerators were locked including med cabinet. They are still utilizing bubble packs and have a bin for new youths' medications until new hall prescription is in place. Only licensed personnel give medication now. A LVN comes in around 7pm to pass out evening medications. Staff can dispense over-the-counter medications such as Tums, acetaminophen and chap sticks.

The RN reviews all intake sheets from when the youths are admitted to the hall. There is now a 96 hour health appraisal and then a physical. The MD now does all the physicals; this has not always been met because the doctor is only scheduled to be there by contract on Fridays but also often comes in on Thursday nights to sign off. They continue to use the new intake sheet that asks questions about abuse and risky sexual activity, which directs RN and Medical staff to order STD screenings (with youths' consent), pregnancy testing and referrals or CWS as needed. The health intake form asks if the youth is sexually active; the staff is considering offering STD screening to any youth who is sexually active. If the youth is returning in less than 1 year, the RN will do a re-admit review; if the youth is new or it has been greater than one year, a complete physical is done. PPDs are administered to all youths if it has been greater than 6 months since last admit or if new to the Hall. They are not given if there is history of positive tests. Pregnancy tests are done on all female youths on admittance using Consult Diagnostic Pregnancy tests; there has been no history of problems with the test. RN will repeat the test in 10-14 days. STD screening tests are done routinely with youths' consent and other tests for diabetes etc. are done as ordered. The process seems well organized. Plan B is followed based on sexual history and risks; it is no longer formulary so staff sends a secure message requesting an exemption and then picks up prescription at local drug store a few blocks away. DMPA is offered and given if pregnancy tests are negative. The staff continues to
use typed labels for charts and all labeling for clear identity. The RN states that the youths have access to educational pamphlets about STDS and other health topics. Vaccines are reviewed on all youths. Old charts are reviewed on re-admittance; parents complete health history, bring in records and give release of information form. RN can often obtain record from schools if parent doesn’t have information. There is a medication binder that contains each youth’s medication list with name, doses, time and method of administration. If the youth brings in his/her own mediation, RN will use it if it is clearly labeled and will write on med sheet "own medication." RN will use up that supply and then use individual bubble packs.

Dr. Martinez is MD on call for CFM and has his own Family Practice in Napa. He does rounds usually every Friday am and completes chart checks, sees youths as needed and may come in at other times. He works at main jail 3 days per week and the hall 2 days as well as being on call by pager or cell phone for consults at other times. He has been easily reachable and responds in very reasonable time. Dr. Herr is now CFMG’s Medical Director and Jason Ferroni continues as the CFMG Medical Program Manager. CFMG has become part of a larger umbrella company called Correctional Medical Companies. RN states they continue to maintain the emergency kit/backpack that is zip-locked and dated each month when inventory is assessed and expiration dates reviewed; there is also an O2 tank in the backpack. The MedTronic AED is available on site with the emergency backpack. The AED was checked late September by ViaHeart Project; they plan to return every 1-2 years to check machine. The RN currently checks the AED monthly and documents in computer. ViaHeart is creating a log for regular documentation.

**Juvenile Justice Report: Hall Staff Development Inspection**

Various staff gave the following responses: overall, all the basic needs are met both physical and emotional; we know our youth well; we are very accessible; youth always have access and staff is very approachable; every youth has an assigned counselor.

10. In your opinion how effective is the current behavior management system? Are there any changes you can recommend?

Various staff gave the following responses: the point system works well; it’s very effective; we’ve built in some new incentives; overall, the youth buy in to it; it is more attainable for youth to work their way through the levels; would like to see the ISP (Individual Special Programs) be a little more challenging and for youth to be more engaged in earning their way off.
11. How do you and your co-workers maintain consistency when enforcing the policies and procedures within the juvenile hall?

Various staff gave the following responses: we can only control what happens on our shift; being consistent with the youth helps create consistency; I don’t know what they do on other shifts; you do what you have to do; I have a laid back style; somehow we do it; we can agree to disagree; communication especially with extra help; meetings with each shift with follow-up emails to summarize information; it’s a challenge; there are a lot of inconsistencies but we are not horribly bad; unit cross-over meetings; things are different from supervisor to supervisor and shift to shift; I follow the lead with whomever it is I’m working with and we talk before each shift.

12. If a youth disagree with the way a rule or discipline is implemented against them, how are they able to express this?

Various staff gave the following responses: by formal grievance.

13. Are you aware that the Juvenile Justice Commission reviews the grievances and incident reports on a monthly basis?

All of the staff interviewed were aware.

14. Do you feel supported in your role by your supervisors and administration?

Various staff gave the following responses: most of the time; my supervisor is excellent; we meet at least once a month.

15. Do you feel valued in your role and/or receive feedback about your job performance?

Various staff gave the following responses: yes I feel supported; I definitely feel valued and supported; definitely, we always discuss what we are working toward.

16. Any other final comments?

Various staff gave the following responses: really enjoy working here; I’m here to make a difference and promote positive change; love working for Napa County; it’s a great facility with great people.

**JUVENILE HALL PHYSICAL INSPECTION REPORT**

The grounds outside the facility are maintained by the County of Napa. The grass was mowed; there was no garbage of any kind on the grounds, and the general condition of the exterior of the building looks good. The sports equipment is in fair condition and there appears to be plenty of recreational equipment including volleyballs, basketballs, games, etc.

The cleaning fluids and chemicals are all labeled and safely locked in place, stored in a room with a locked door.
Hallways were clear, sleeping rooms clean and tidy with both a mattress with a built in pillow in addition to another pillow. There was no graffiti present in Merit Unit and the lighting was adequate.

Linens are changed weekly, towels changed daily, new blankets are distributed monthly and more are given upon request. The thermostats are all centralized from the downtown county building.

Professionals and volunteers from the community come into the hall to provide; substance abuse counseling, tutoring, pet therapy, life skills classes, spiritual counseling, etc. In addition, several of the Juvenile Hall staff facilitate cognitive behavioral groups.

Every youth upon entering Juvenile Hall is assigned a Juvenile Hall Counselor who meets with them weekly. In addition, they write up a behavior support plan with the youth every 2 weeks.

Napa’s Juvenile Hall attempts to individualize rewards and consequences. Typically staff uses a behavior modification point system, whereby youth can earn points and privileges with good behavior and cannot earn maximum points for negative behavior. Other interventions include, role modeling, non-verbal and verbal cues, time outs, early bed, special program, failure to earn points, etc. The staff’s last resort after exhausting other options would be hands on restraint.

Youth are encouraged to resolve their own conflicts with staff acting as facilitators. If a youth has a grievance or complaint, there are forms posted on the wall in each unit for them to fill out. The staff reviews these first, then the supervisor and then on up the chain of command if not resolved. In addition, the Juvenile Justice Commission reviews these grievances as well as incident reports in our monthly meetings.

Youth are allowed to use the phone to call home, but this must be arranged through their probation officer. Youth can write letters and have free postage. Their mail is not read by staff but monitored in front of the youth. With confidential correspondence, there is no monitoring.

Parents can visit their child, in a large visitation room, twice a week and sit at their own table for privacy. Staff monitors all visits except for lawyers who are meeting with their clients. Youth or parents can refuse the option of visitation. Their probation officer would approve any visits that occur outside of Juvenile Hall or any special visits (i.e. girlfriend, sibling, etc).

The Juvenile Hall School is run by Napa County Office of Education and is called Crossroads. A classroom is connected to each unit, Prospect and Merit. There are 2 full time teachers and 1 that is certified in special education. In addition, there are 4 teachers aides. The maximum number of students in each classroom is 25. The only time youth do not go to school is if they have not gone to their detention hearing or have already graduated from High School. The atmosphere in the classroom is very quiet with computers and books and other ample school supplies. The students also are able to decorate the walls of the classroom with their work. The school staff has regular meetings with the Hall staff to assure open communication.

All youth have access to religious services. All youth have access to physical education which includes 1 hour per day (large muscle exercise). All youth are given an orientation packet when they enter the hall which reviews rules and policies. In addition, staff is available to review the packet with the youth. The orientation packet and grievance forms are available in Spanish as well.

Youth are allowed to shower once a day and staff supervise by being able to only see the youth’s ankles and head. The condition of the clothing was in good shape and very organized. Youth are provided with personal hygiene accessories, such as soap, deodorant, shampoo, toothpaste etc.
All youth have access to medical and mental health services. There is a nurse available on site seven days a week for 6 hours a day. The Psychiatrist hired through CFMG is available by teleconferencing and is on call 24 hrs, 7 days a week. Youth fill out a written request to access these services. The mission of Juvenile Hall is to ensure safety and security of youth while providing positive social programming to enable youth to make better choices while being accountable and taking responsibility. The Juvenile Hall staff hopes that the youth do not return to Juvenile Hall and have learned more prosocial skills.

**Commissioners Inspection of the Kitchen:**

The kitchen was clean with weekly prepared menus and individual food allergies posted. The youth have 20 minutes to eat once the last youth is seated and can begin conversing once every one has their food. The servings appear ample, nutritious and appetizing. Staff monitors the youth at all times. Some youth are allowed to work in the kitchen with supervision for a culinary class. All chemicals are stored and locked.

Recommendations: None

**Youth Interviews on Meals, Nutrition, Ample Servings, Additional Findings, and Recommendation:**

**Question #25: Describe the food and nutrition**

Finding: the youths felt that the food was nutritious, appetizing, good, fair, healthy and great.

Recommendations: None

**Question #26: Are servings ample and appetizing?**

Finding: the youths felt that the meals were amply served and are appetizing.

Recommendations: None

**Question #27: Do you have enough time to eat?**

Finding: the youths feel they have enough time to eat.

Recommendations: None

**Commissioners Inspection on the Personal Appearance of Minors:**
The inspection found that the youths’ clothing was appropriate for the weather and their clothing was clean. The youths had access to personal hygiene accessories such as shampoo, toothpaste, toothbrushes, deodorants, feminine products, and hairbrushes.

**Recommendations: None**

**Commissioners Inspection Regarding Visits:**

The youths are allowed two (2) one hour visits a week, limited to parents and grandparents. Other members of the family have to be approved and arranged by Probation. There is plenty of space for the visits and flexibility in range of visiting hours. The visits are supervised; visits are not private unless previously arranged. Not all the youth are allowed to have visits.

Recommendations: None

**Commissioners Inspection regarding the Orientation for the Minors:**

The youths are given rules and procedures at intake. Rules and Grievance Procedures are also posted in both English and Spanish in each unit. Several youths indicated that they were not aware of the grievance procedures.

Recommendation: None.

**Commissioners Inspection on the Interior Condition of Juvenile Hall:**

The general condition of the interior of the Juvenile Hall (paint, floors, drains, plumbing, fixtures, air vents, and windows) is good. The hallways were clear, and the doors were not propped open. Everything looked clean.

Recommendation: None

**Commissioners Inspection on the Exterior Condition of Juvenile Hall:**

The general conditions of the exterior of the Juvenile Hall (paint, roof, drains/gutters, etc.) are good.

Recommendation: None

**Program:**

The youths are required to clean their rooms, observe personal hygiene and good table manners.

Staff provides positive reinforcement for good behavior. The staff models good behavior and lead by example. The staff deals with power and control struggles through mediation, conflict resolution and motivational interviews; staff works with the youth to encourage the development of socially acceptable behaviors and better interaction in the community through encouraging behavior modification and attendance at various classes that are offered. The mission of the Juvenile Hall is to keep the youth healthy and safe throughout custody with good care and control.

The youths have one (1) hour of exercise daily and one (1) hour of recreation time daily.
Most of the programs in the Hall are provided by volunteer organizations. Substance abuse counseling is recommended by Probation and provided by the Wolfe Center. A Victim Awareness class is taught by staff. Anger Replacement Therapy (ART) and Thinking for Changes, addresses Gang Awareness and Youth at Risk. Girls' Circle provided by Planned Parenthood, covers Sexual Harassment.

**Discipline of the Youth:**

Behavior modification is the type of discipline used. The youths receive and lose points according to their behavior. The youths' points determine the amount of time they can spend out of their rooms. Time outs, meals in rooms and writing papers on their bad behavior are methods used to encourage behavior modification. Interventions range from verbal counseling, room time and assigning essays to hands-on management without restraints to management of assaultive behavior with restraints. Conflict resolution through meeting and talking with the youth is practiced. Grievances are read; bi-weekly statistics are recorded, and staff grievances are sent to their supervisor.

**Correspondence:**

The youth can call their parents and talk for five (5) minutes. Postage is free; outgoing mail is normally not read. In-coming mail is opened and checked for contraband but not read. Inappropriate mail and confidential correspondence, which is not touched, is delivered to Probation.

**Conclusions and Acknowledgments:**

We find the Juvenile Hall Facility in compliance with Title 15 and Title 24 requirements for the year 2015.
