May 8, 2020

Findings

No response requested.

Finding 2: Napa County's Election Division accurately counts, records and reports citizens' votes.

No response requested.

Finding 3: Napa County's Election Division's lack of policy regarding social media account access exposes them to risk of someone using their accounts to post false and misleading election information on social media.

Response, Director and Board of Supervisors:

Recommendation

The Grand Jury recommends the Napa County Election Division and County Webmaster strengthen social media password policy including a robust schedule for password updates and dual authentication logins by November 1st, 2020.

Response, Director:

The Election Division appreciates the careful review done by the Grand Jury. The Election Division agrees with the finding. The Election Division does not have any social media sites. We will work with county social media providers to make sure that we publish any election-related messages only on county-sponsored sites with multi-factor authentication.
